

ELLWOOD CITY Festival

2024 Festival Hall of Fame Official Nomination Form

At the January 2018 Festival meeting, it was reported that Alicia Strope, the daughter of Mary Wiley, asked about a commemoration of some kind for her mother's role in founding the Ellwood City Arts, Crafts, Food, and Entertainment Festival, at the time in its 38th year. The committee responded with the proposal of an annual "Hall of Fame," recognizing both groups and individuals who have contributed substantially to this local institution.
